Indiana University of Pennsylvania is committed to assisting all members of the community in promoting their own safety and security. The Annual Security and Fire Safety Report contains three years of campus crime and fire statistics, certain campus security and fire policy statements, as well as statistics for public areas immediately adjacent to campus, as required by the Jeanne Clery Act. The Annual Security and Fire Safety Report for all of the IUP campuses can be found at IUP.edu/police/about/security. To obtain a printed copy of the Annual Security and Fire Safety Report, please contact IUP Department of Public Safety, 850 Maple Street, Indiana, PA 15705; telephone 724-357-2141.

The Federal Privacy Act of 1974 requires that you be notified that the disclosure of your Social Security number is voluntary and is not required to determine admission. Your Social Security number will be used to match your application with your SAT/ACT test scores and/or financial aid information, so failure to provide it may affect eligibility for financial aid and may delay decision of admission. Your Social Security number is also used to report your educational expenses to the Internal Revenue Service to verify any education-related deductions you may claim on your federal income taxes.

Consent for the Collection and Processing of Sensitive or Personal Data: From the European Union for Admission and Enrollment Purposes

1. Pursuant to the European Union General Data Protection Regulation (EU GDPR), Pennsylvania's State System of Higher Education and its member universities, including Indiana University of Pennsylvania ("University"), in its capacity as a data controller under the EU GDPR, must obtain explicit, affirmative consent before it can collect or process any sensitive or personal data for a lawful basis, including for admission and enrollment purposes.
2. Sensitive data includes data revealing racial or ethnic origin; political opinions; religious or philosophical beliefs; trade union membership; genetic or biometric data; health data; or data concerning a person's sex life or sexual orientation.
3. Any sensitive or personal data that is collected will be for the sole purpose of application for admission to the University that is sent from the EU and is necessary for that purpose or for any purpose permitting the use of sensitive or personal data under applicable law or to meet other compliance obligations of the University.
4. I understand that any sensitive or personal data that is collected will also be used to report serious illness, injury, or other health or emergency situations involving me, as well as to address or report discrimination, harassment, sexual or gender-based misconduct, and criminal behavior which may be committed by or against me or otherwise involve me, on or off campus, to appropriate authorities, including staff, faculty, and administrators of the University or appropriate legal or governmental authorities, under applicable policies of Pennsylvania's State System of Higher Education or the University (including but not limited to applicable codes of conduct) and applicable laws (including but not limited to Title IX and the Clery Act).
5. I understand that refusal to consent to the use of sensitive or personal data and to the transfer of sensitive or personal data overseas for the purpose outlined in this notice may make it impossible for the University to carry out necessary activities and may preclude the University's ability to provide requested services.
6. I understand I have the right to withdraw consent to the collection and processing of sensitive or personal data, and, to do so, I must contact Admissions Operations (admissions-tech@iup.edu). I also understand that the complete deletion of data will not be feasible in all situations to ensure the University's ability to comply with regulatory requirements.
