REAL-WORLD RESULTS

MEDICAL ENTREPRENEUR

Bayan Alturkestani '19

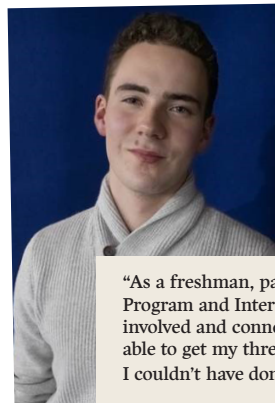

Saudi Arabia

Founder, CEO and Research and Development Engineer, Conan MedTech Corp

BS in Bioengineering, Temple University

MEng in Biomedical Engineering, Cornell University

"My goals for my company are to invent important medical devices that benefit generations to come, and foster a company that welcomes women in STEM."

GETTING CONNECTED

Fernando Gaxiola '24

Mexico

Communications and Social Influence major

"As a freshman, participating in the Peer2Peer Mentoring Program and International Student Advisory Board got me involved and connected, which was the only reason I was able to get my three internships early in my time at Temple. I couldn't have done it without the university's assistance."
